Subject: Presentation for AE workshop
[AE Presentation for CA Workshop Feb 24 2015 \(final\).pptx](#)

Attached is the presentation I am planning to deliver at Tuesday's workshop. I used a couple of recently delivered EPA presentations as a starting point, but also got some good input from attorneys both here and in OGC.

To encourage reciprocity, I am planning to forward this as draft to the State folks this afternoon.

If you have comments, concerns, or suggestions, please let me know (I know the page numbering is off and will address before sending).

Thanks,
David
